Thanks Dana.

All- how about something like the response below?

David O.- let us know if you have comments/edits. See full inquiry from AP below.

To my knowledge, we provided all data once it was validated. For more info I would recommend contacting David Ostrander, first Area Commander.

Hi Laura, Melissa-

Deliberative Process/Ex. 5

Can you please respond?

Deliberative Process/Ex. 5

Here is part of the passage in his testimony that I'm referring to:

“EPA repeatedly refused to share data with New Mexico for weeks after the Spill. Some of the data EPA refused to provide included results from surface water samples taken upstream of New Mexico. And when they did share such information, it was summary level data, cherry-picked and presented to create the appearance that Safe Drinking Water Act Maximum Contaminant Levels were not crossed, post event, specifically for lead. EPA also refused to share its sediment sampling plan with New Mexico for over two weeks.”

Deliberative Process/Ex. 5
